

To Whom it may concern

I am writing this letter of recommendation for Mr. Ali Moezgholami, who is seeking admission to your institution.

Ali was my teaching assistant in the course Discrete Math. From his integrity and efforts it was immediately evident that he is an ambitious and highly motivated student. Through his various assistantship activities, he honed his communication, interpersonal, and leadership skills, and these traits will be of great assistance in her future endeavors.

Ali has a comprehensive and detailed knowledge of computer science, and has been an outstanding student, and I am delighted to encourage and assist him in pursuit of his goals. Studying in your graduate school will help to give him the tools and the international experience that can remove any barriers to future success. I therefore highly recommend him to your graduate program.

If you should require further information, please do not hesitate to contact me.

Yours sincerely,

Hossein Shafiei,  
ECE Department,  
University of Tehran
